PSCU
Connector

TEMENOS
Infinity

Access Credit Card Information with PSCU
Integrated to the Collection and Recovery Modules

The PSCU connector allows credit card information from PSCU to be easily accessed directly within Temenos Infinity.

KEY FEATURES

Import Capabilities
Files are imported daily from PSCU and stored at the account-level. This information is available for searching, creating queues, reporting, and building custom screens.

New Fields and Screens
Through all three interface options, users can gain access to fields such as card numbers and balances. Additional fields and screens related to recent activity, payment history, reward points and statement records can be accessed using the real-time interface option.

Real-Time Functionality
Through the real-time interface, users can update demographic information, activate credit cards, order replacement cards, and request PIN reminders.

PSCU Interface Options

Daily Import for Primary Borrowers on all Credit Card Accounts

Daily Import for Co-Borrowers on Delinquent Credit Card Accounts

Real-Time Interface Data eXchange™

BENEFITS

Save Time
Reduce time spent toggling between multiple systems by importing PSCU credit card information directly into the platform.

Access Additional Fields
Through the PSCU connector, institutions will see additional credit card fields ithat are not provided by the core system.

Receive Current Information
Information received using the direct interface with PSCU is more current than that which is received from the core.

Improve Account Management
Take advantage of the platform's powerful workflow engine and build workflows for PSCU accounts.
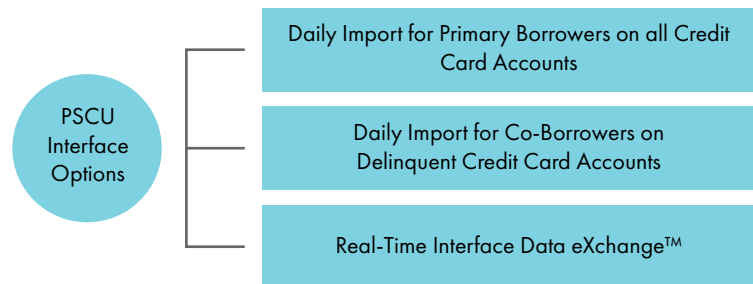

MORE INFORMATION

System Requirements
To use the PSCU connector, VEDIT must be installed on the web server and all service packs/patches must be up to date. For additional requirements, please see the Product Guide.

Provider Highlight

PSCU
Forward.

PSCU is a leading provider of online and traditional financial services to credit unions since 1977. They offer industry leading credit, debit/ATM and prepaid card servicing; innovative electronic banking, mobile banking and bill payment solutions; collections; and strategic consulting that builds growth, retention and loyalty. Comprehensive 24/7/365 member support is delivered through four Contact Centers located throughout the United States that handle more than 18 million inquiries a year. To learn more about PSCU, visit pscu.com.

For more information about PSCU daily imports, contact your Temenos Support Specialist. For more information about the PSCU real-time interface (Data exChange ™), call 1 (888) 918-7316, or email solutions@pscu.com.
